DETAILED ACTION

Status of the Claims

Claims 1-11 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claims 12-20 are allowed.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1-11 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Claims 1-11 recite nonfunctional descriptive material. Claims 1-11 are a recitation of a mere arrangement of data and represent claims to a data structure per se. The claimed data structure provides no practical application or use.

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter: Prior art was not found that explicitly teaches or fairly suggests the exact contents of each data field as outlined in claims 12-20.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
